Housing Policy Debate

Housing Policy Debate is published quarterly. The goal of this journal is to provide insightful discussion and original research on a broad range of housing and community development issues. Recent articles have explored affordable housing shortages, housing policies for distressed urban neighborhoods, new research on homelessness, and restructuring the Federal Housing Administration.

Housing Policy Debate regular issues are divided into three sections: **Forum**, **Articles**, and **Current Issues**. The **Forum** section features informative debate between leading experts on timely topics through a lead article and responding comment. The **Articles** section presents policy analysis and research, and in **Current Issues** authors have the opportunity to present their ideas on issues in housing, community development, and finance. Articles in the **Forum** and **Articles** sections undergo a double-blind review by members of the Fannie Mae Foundation Housing Research Advisory Board and other respected scholars.

To obtain more information or submit manuscripts for consideration for publication, please contact Steven P. Hornburg; Managing Editor, *Housing Policy Debate*; Fannie Mae Foundation; 4000 Wisconsin Avenue, NW; North Tower, Suite One; Washington, DC 20016-2804.
